ROY KOBERNA who retired Friday from the Officer Friendly program to return to patrolman duties.

Many officers are friendly but Roy Koberna may prove to be a 'tough act to follow'

By GARY SCHNEIDER
Press-Record Writer
There were days in the tenure of Patrolman Roy Koberna, Granite City's "Officer Friendly," when he wondered if he was really getting his points across—like the day he asked a little boy what would be the most important thing the boy

would remember if he was a policeman.
"Not to wet your bed," was the simple reply of the wide-eyed pre-schooler.
But get his points across he did, as you may learn by asking almost any parent of a school child in Granite City. Responses from parents have included,

Construction driver strike

A strike by Teamsters' Local 525 and other Teamster locals against the construction industry in central and southern Illinois halted most building in the Quad-City area at 8 a.m. today.

Halted are construction on the Crossroads Plaza Shopping Center, the Granite City Steel North Plant expansion, the GC Army Installation's new commissary, the Nameoki Village Shopping Center expansion and cleaners, completion of drive-up windows at

First Granite City National Bank and other projects.

Most Quad-City contractors reported Teamster pickets at their offices, this morning, halting all equipment being moved from company yards. At least one contractor, however, reported his firm was not being picketed this morning.

A Press-Record check showed the Clark Oil Co. and American Oil Co. plants in Wood River were being picketed, but normal construction activity was reported at three projects here—the Archer Daniels Midland Co. soybean processing plant on Cargill Road, Apex Oil Co. facilities in the Tri-City Regional Port area and the Chain of Rocks Locks, where a new lock wall is being constructed.

No pickets were reported at the three projects.
About 4,000 Teamsters in nearly all of Illinois, except the Cook County area, went on strike at 8 a.m. today against the Southern Illinois Builders' Association and Associated General Contractors.

An SIBA spokesman said he had not received word this morning on the extent of work stoppages in the Quad-City area.
Teamsters are being paid about \$7.10 to \$7.70 per hour, plus fringe benefits which make the top figure \$8.40 per hour, he was indicated.

The union is seeking a \$2 per hour higher package for its area and \$2.20 per hour in some other parts of the state. Contractors have offered a package with 60 cents more per hour, which has been rejected.

The Teamsters' contract with the construction industry was not called until the union felt talks had broken down. Thursday night, but no apparent progress was made.

Local 525 also has separate contracts with deliverymen which have either been settled or are in various stages of talks, according to a union spokesman. Only the construction industry was involved in today's strike, he said.

No talks had been scheduled, but both sides today indicated a willingness to negotiate.
The union is believed to be requesting more paid holidays, a stricter seniority system of hiring and a cost-of-living clause.

The strike has halted more than \$100 million in construction in the state.

Personal property tax bills for partnerships and businesses should be paid at Room 2, the office of City Treasurer Paul Rutledge, in the City Hall of Granite City.

Real estate tax bills are being paid at the three Granite City offices that can be mailed to Treasurer Rutledge. Collection is in progress and is to end July 1.

SHOTGUN USE CHARGED
Thad Harrell, 30, of 1125 Logan St., Venice, was charged with unlawful use of a shotgun and no firearms identification at 1:55 a.m. Sunday in front of his home. He allegedly had a loaded shotgun, with two other shotgun shells in his possession.

Streaker fined \$100

A streaker who boasted he was going to profit despite being caught streaking at the Granite City High School South May Day festivities May 24 did not profit.

The 15-year-old Granite City boy was caught after running without clothing through the school's crowded gymnasium.

When asked how much the fine would be and being told probably about \$25, the boy was said to have bragged that his friends had paid him \$65.

That brag backfired as Associate Judge William Johnson fined the youth \$50 and \$10 court costs, a total of \$100.

Drug arrests

Three young men were charged following a day-long investigation by Venice police in Venice.

Forrest Craig Garrett, 24, of St. Louis, was charged with possession of cannabis, delivery of cannabis, possession of a controlled substance, unlawful use of a weapon and having no firearm owner's identification card, after he was arrested at the Adams Car Wash on Broadway at 3:45 p.m. Friday.

Arrested with him were Robert Donald Hickman, 22, of 1713 Market St., Madison, charged with delivery of cannabis, and Guy David Hill, 24, of 1235 Klein St., Venice, charged with possession of cannabis. Hill was released on \$100 bond.

Venice police said they began surveillance of the car wash area Friday morning and received word from an informant that a drug sale was to take place near there.

At the rear of the car wash, police say they found the three arrested in or near a blue auto.

In the car they found a white plastic shoe bag containing

what they believed was marijuana. As Hill got out of the car, he allegedly threw two cigarettes onto the ground.

When Garrett was searched, officers allege, they found a small envelope in his cap containing 14 small foil wrapped packages and a piece of a purple substance, which foil package contained three small pills, according to police.

In Garrett's jacket and pants, officers allege they found five small envelopes, containing what they believe is marijuana. Laboratory tests are to be made to determine if the substances confiscated were controlled drugs.

Garrett reportedly signed a consent form for police to search his car and officers allege they found a loaded .22 caliber pistol in the glove compartment of the auto.

Wrangle on hiring

Louis Whitsell, Nameoki Township supervisor, has addressed himself to the question of whether he, or the town board, has the authority to hire township office personnel.

In a letter to the town board, Whitsell takes the position that state statutes give the supervisor the authority to carry out his elected duties or to hire someone to assist him in carrying out those duties.

Commenting on what he has said he feels are efforts by the town board to fire and replace a secretary, Whitsell said in the letter, "If someone else was to dictate who the elected official must trust with his legal responsibilities, then I, for one, would protest it in court."

"By doing so, it would mean that the board would hire someone that the supervisor would not use and the supervisor would hire someone else that the board would refuse to pay. This would only result in a disruption of our government and a disservice to the electorate."

"Personally, I feel if we would devote time to improvement programs and leave personnel decisions out of my decisions, we would again become the progressive township we have been in the past," he concluded.

Whitsell and the board also clashed during a meeting last week after the supervisor ap-

pointed citizens' advisory committee members to executive, legislative, finance, building, environmental, road and bridge and sewer and drainage committees.

Accompanying the appointments was a resolution committing the board to weigh the suggestions of the committees before taking action.

Auditor Kenneth Gieson objected to the wording of the resolution and moved to table it. After the board tabled the document, Whitsell said the board could rescind the resolution, but added, "The committees are appointed. He did not seek board confirmation of the appointments."

Whitsell said he felt there was "a possibility of mistake or fraud" on behalf of Highway Commissioner Albert Bell in not filing detailed records to support his \$25 per diem pay. Bell promptly presented a statement of the days he had worked, satisfying the legal requirement.

Auditor Eugene Gargac reported several auditors had met with the attorney for the Teamsters local representing striking Nameoki Township Highway Department employees and had worked on a tentative contract. Gargac said he was disappointed the union's business agent had not attended the meeting.

Lightning damage here

Heavy rainfall accompanied by gusting winds and hail in some areas swept through the Quad-Cities in two thunderstorms Thursday night, flooding streets and basements and causing extensive damage by lightning.

Two inches of rain fell during the storm periods, according to readings at the Chain of Rocks Locks. Rain measured up to three inches in some sections of the metropolitan area.

The first heavy rainfall during the night hit the area long before 9 p.m. and second around midnight. The rain was accompanied on both occasions by severe electrical storms.

Intermittent thunderstorms also moved through the area during the day Thursday, with considerable lightning damage to power facilities reported in late afternoon.

There were six deaths due to lightning in the St. Louis metropolitan area last week.

Lightning killed Miss Patricia Treadway, 18, Roxana, at 5:30 p.m. Thursday as she was bicycling along a levee south of Wood River.

Lightning struck the roof of the home of Mike Jahn, 249 Woodlawn Ave., at 2:40 p.m. Thursday, knocking a hole in the roof and causing about \$300 damage. There was no fire, but Granite City firemen were summoned as a safety precaution. They were at the scene 30 minutes.

Lightning caused "extensive

damage" to power lines and interrupted service to many power users as both circuits and individual lines were struck by lightning, a spokesman at Illinois Power Co. reported.

Approximately 700 customers in an area between State and Iowa streets and Niedringhaus Avenue and 26th Street were without power after lightning disrupted the circuit for that area. The circuit operation was restored within 15 minutes, but many individual facilities in that area remained out for a longer period of time, the spokesman said.

Lightning damaged virtually every type of power service at one time or another, striking transformers, line fuses, power lines and other power units, he said.

All available workers were called out at about 4 p.m. Thursday after the afternoon storm moved through the area. They were on the job repairing lightning damage until 4 a.m. Friday.

St. Elizabeth Hospital twice utilized emergency power generators due to the storms. Police received one call of a tree limb blocking the street. That was at 2:55 p.m. at 27th Street and Grand Avenue.

The storm was believed responsible for a rash of burglar alarms being turned on as alarms sounded at seven locations between 2:05 p.m.

'Bill and Lynn mania' returns

By GARY SCHNEIDER
Press-Record Staff Writer

As the latest wave of childhood diseases and flu epidemics passes, parents should be warned that a new adult bug is about to bite here again—"Bill and Lynn mania."

Entertainment quality in Granite City has always been on a high level, but never before have so many residents been at such a high point of anticipation for any group's arrival as is now being demonstrated by Bill and Lynn freaks—followers of the singing and entertainment duo of Bill Allen and Lynn Christie.

Lynn has always protested that her name should be used first, but she has yet to win that friendly argument.

Allen and Christie will begin a month of shows here Tuesday at Tony's Restaurant and Lounge, 5240 N. Meade Road.

They have appeared often at Tony's in the past, starting with few followers. The number of "regulars" has snowballed with each appearance until now it is difficult to obtain a seat during peak hours in the lounge.

The restaurant has received "more than a thousand calls" inquiring about date of the group's return, officials said this week.

The couple sings a variety of types of music, accompanied by Lynn's outstanding organ backing and Bill's blending guitar.

Lynn leans toward the soft sounds of Roberta Flack—"Killing Me Softly" and "The First Time Ever I Saw Your Face"—while Bill seems to favor the Cat Stephens melodies.

Together, their music covers a wide assortment of musical styles, always returning to "one more Carpenter's song."

Comments about the two range from, "I guess they're all right," to "They're fantastic. You've got to see them."

But the most complimentary

ALLEN AND CHRISTIE, who will open a one-month stand at Tony's Restaurant tomorrow. They have amassed a large following in Granite City with their music, which ranges from soft ballads to hard rock.

thing that has been heard about them has been the statement from one local woman, "once you've heard them do certain songs, the original records just do not sound right again."

The secret of their success—if anyone can put a finger on that elusive quality—seems to be the warm, friendly atmosphere they produce.

Those who stop to listen and enjoy indicate they leave feeling Bill and Lynn are their friends, even if they have not met the artists.

The feeling of friendship seems to bring the crowd back night after night.

Allen and Christie forego the standard formalities when entertaining, preferring to talk between songs to each other and the audience about "whatever comes into our heads," in Allen's words.

The informal bantering

MHS students in followup study

John L. Palchett, superintendent of schools of Madison School District 12 has announced that vocational alumni of the "Class of '73" will be contacted during June by the Illinois Followup System.

District 12 is interested in knowing how well former students felt their high school occupational course prepared them for entering the world of work or continuing their education. Former students will be asked about their post secondary schooling and work experience and what recommendations they would make for improving occupational education courses in Madison High School.

Employed respondents will be asked to provide the name and address of their present employer or supervisor so that they can be contacted for their recommendations concerning occupational education.

Personnel of the Illinois Followup System will mail questionnaires to former students and their employers, tabulate the responses, and prepare a report of the findings for District 12. The findings then will be reviewed by local school personnel to determine how the quality of occupational education can be improved in the District 12 school system.

The service provided by the Illinois Followup System is funded by the Illinois Division of Vocational and Technical Education. Lee Ashby, Vocational Coordinator is acting as a liaison between the local school district and the Illinois Followup System located at Eastern Illinois University in Charleston.

Henderson graduates at Kenyon with honors

Henry L. Henderson, son of Mr. and Mrs. James M. Henderson, 1612 Lindell Blvd., has graduated Cum Laude from Kenyon College at Gambier, Ohio.

He majored in religion. School officials said he passed the senior exercise with distinction.

A total of 302 seniors received bachelor degrees in late May at the 146th Kenyon commencement. U.S. Sen. Philip A. Hart, D-Michigan, addressed the 1974 class.

The speaker urged the graduates to continue working on the problems of mankind with the understanding that Watergate was not politics as usual, but self-righteousness which put the goals of a few above the laws of the land.

The third-term senator and six others were awarded honorary degrees.

The liberal arts college is the oldest continuing private college west of the Alleghenies.

Decade of strong demand for steel predicted

There will be a decade of at least relatively strong demand for steel that is unprecedented in the history of the domestic steel industry, according to Stewart S. Cort, chairman of the American Iron and Steel Institute.

He made his predictions in New York in late May while addressing more than 1,000 steel industry executives attending the 82nd general meeting of the AISI.

"I think we've gotten rid of our reputation as a 'cyclical' industry," he said. "I don't see the sharply fluctuating demand that's been our fate in the past."

This trend in the market situation is one of several changes Cort sees challenging the steel industry.

He asserted that "the experience of the last year or so shows very clearly that the economy of this country cannot and will not tolerate persistent shortages of steel products. No other economy in the Free World has tolerated steel shortages, and neither will ours."

He also observed that "the trauma caused by the oil embargo and soaring foreign crude oil prices shows equally clearly that the economy of this country cannot and will not tolerate over-dependence on foreign

supplies of steel products." Cort told his audience this means that "if we in the steel industry can't find a way to provide capacity to meet foreseeable domestic demand, and if we don't act on it there'll be irresistible pressure for the government to step in and take over."

"We can't allow this to happen; we've got to prevent a situation that would permit it to happen."

"We've got to improve our financial credibility if we hope to meet all the demands on our resources, much less provide the expanded capacity to keep step with increasing domestic demand for steel," Cort said.

He said it is vital to preserve tax provisions that encourage capital accumulation and investment, and that recognize the realities of getting raw materials from abroad.

"Beyond that," he said, "a

vastly improved capital recovery system has got to be substituted for the patchwork quilt of tax provisions that aren't doing the job the way it's got to be done."

He called current depreciation regulations, which are based on historical cost, "a sick joke" in the light of "jet-propelled" inflation.

Economic challenges facing the steel industry are paralleled in other areas, according to the AISI chairman.

He noted changing and increasing external pressures on business from powerful segments of society.

Cort told his audience that "winning public understanding for our attitudes carries the condition that we first acquire a better understanding of public attitudes. That's where we've been deficient in the past, and that's where we've got some changing to do."

"It'll be difficult, because public attitudes are themselves

changing—swiftly and in complex patterns.

"There are changing values and changing life styles; there's more concern about the intensely subjective 'quality of life.' There's deep concern about the way we handle natural resources, and the role of dominant man on a fragile planet."

Cort said that in the international situation there has been "an epidemic of changes"; the oil embargo,

spiralizing world prices, nationalization of raw materials production, pressures for secondary processing, balance of trade and balance of payments problems.

"Policies and attitudes are changing abroad, with bewildering speed," he said, "and we don't have any choice but to adapt to them as well as we can."

Cort said it is difficult to convince Congress of the need for a trade bill that will shield the steel industry from possible future surges of predatory

imports, at a time when imports aren't a current problem.

"But the outlook on that score isn't completely gloomy," he said. "Certainly, the world steel supply situation remains tight."

"World prices are very high, and most producers elsewhere in the world are facing the same problems we are. In fact, some of these problems, such as energy costs and raw materials supplies, are even more troublesome abroad."

In the area of technology, Cort said the domestic steel industry has been doing "a

terrific job." But he noted that staying abreast of technology requires constant change because "technology never stands still."

Cort, who retires July 31, closed his talk by expressing complete confidence in the steel industry's "ability to meet every challenge of change."

PEDALING PARSON FROM MADISON. The Rev. Frank Christ, pastor of the First United Presbyterian Church, logged 5,000 miles on his bicycle between June 1, 1973, and June 1, 1974. Ninety-five per cent was for business use, he said. Rev. Christ is a familiar sight to motorists as he makes his calls to St. Elizabeth Hospital and local parishoners on his bike, complete with radio.

Pedaling parson logs 5,000 miles on bike

The Rev. Frank Christ, pastor of the First United Presbyterian Church of Madison, decided a year ago to switch from his car to a bicycle as his principal mode of transportation.

During the weekend, Rev. Christ logged his 5,000th mile aboard his "two-wheeler" and says he is none the worse for the experience.

Rev. Christ, who rides his bike on his church calls, on errands and personal business, is such a familiar figure on Madison and Quad-City streets that he has earned, and rightly so, the sobriquet of the

"pedaling parson."

"The exercise pays off" in his improved physical condition, the pastor reports, and "in addition I've saved 200 gallons of gasoline and reduced air pollution at least in the amount my car would have put out had I been driving it."

He said his \$50 single-speed bicycle which he began riding June 1, 1973, has paid for itself several times in the cost of gasoline. Maintenance cost during the past year totaled only \$6, he said. That was for four bicycle tubes and two tires.

"By riding my bike I have renewed my appreciation of the natural world around us," he added.

My bike riding also makes me appreciate the convenience of the automobile when it is necessary for me to drive one, and has taught me that 99 per cent of the motorists are courteous and considerate drivers," he said.

Exposure to the weather makes one realize, he said, that "ours is a moderate climate." He said inclement weather prevented riding his bike only a week and a half during the year, and that he used rain gear only three times.

Dobrey line ready soon

An interim drainage line from the Dobrey Slough to the Nameoki Ditch should be completed by the end of this month or sooner, a spokesman for the C. D. Peters Construction Co., contractor for the project, said last week.

Work on the \$145,545 project began shortly after acceptance of the Peters' bid was announced in January by Gov. Dan Walker. A target date of June 1 was announced at that time by the state Department of Transportation.

The Peters' spokesman said adverse weather and delays in delivery of materials made it impossible to meet the June 1 date, but said the project is

being completed rapidly and could well be in operation before the end of June.

Most of the underground pipeline has been placed in the ground and all of the necessary pumps have been obtained. Electric pumps have been installed in the median of Wabash Avenue at Amos Avenue and the slough arrived here Tuesday, according to the spokesman.

The contractor still is awaiting delivery of a steel building to house the pump at the slough. After the building has been completed "only minor cleanup work will be left," the spokesman said.

The underground drainage line will remove water which has collected in Dobrey Slough and will relieve overloaded storm sewers in that area, it is believed. A high water table near the slough has been responsible for basements cracking and flooding in homes.

The line runs south from the south edge of the slough to the north side of Pontoon Road and then west into existing Granite City storm water sewers. At Wabash Avenue, a new line will be used to pump the water from the median and into the Nameoki Ditch.

Water then will flow south in the ditch into Horseshoe Lake and eventually through the

Top students honored at South High

Outstanding graduating senior students were honored at Granite City High School South last week during the annual awards assembly.

Supt. B. J. Davis presented individual trophies to Jayne Knobbe, valedictorian, and Jean Schwarzkopf, salutatorian, as top scholars of the June 1974 class.

Principal James Dumont noted that "Awards Day has been a part of this school's activities for a number of years. It is intended as a day of special recognition for those students who, through their accomplishments, are deserving of special recognition."

The South High band played as seniors marched into the

assembly, and the call to order was by Koenne Kibort, retiring student body president. Melanie Asadorian, May queen, sang the national anthem.

Kibort administered the oath of office as Mike Siebert was installed as newly-elected student body president for 1974-75. A trophy was presented to Kibort in recognition of his leadership.

Rain postpones races and games

Heavy rains which deluged the Quad-City area Thursday night caused cancellation of Tri-City Speedway's auto racing program and Doug Rose's Green Mamba jet performance, all scheduled for Friday evening.

Area outdoor sports activities — including Granite City Park District baseball and softball and Mitchell Khoury League and Nameoki-Pontoon baseball — were postponed Thursday and will be rescheduled for later dates.

Jamboree of model planes

The East Side Radio Controlled Model Airplane Club, 3017 Mayville Road, is inviting the public to its third Annual Fun Fly Jamboree to be held Sunday, June 8, from 11 a.m. to 9 p.m. One-eighth mile north of the Southern Illinois University at Edwardsville soccer field. Competition is sanctioned by the Academy of Model Aeronautics. Contestants from within a 200-mile radius will compete in fun fly (spins, loops and rolls), sport pylon races and Formula 1 pylon races. A concession stand and free parking are available.

The contest site can be reached by taking Interstate 270 to Highway 157 and following SUE markers to the athletic fields and then 200 yards past the fields.

In fun fly, the object is for each contestant's aircraft to

achieve the most loops, spins and rolls within a time limit. Sport pylon calls for three to four planes racing a closed course around pylons placed 500 feet apart. The fastest time determines the winner. Two or three rounds are used for scoring and matching of contestants. The planes are the same type used for the "fun fly" and can reach speeds of 80-90 miles per hour.

In Formula 1 pylon, the race is flown just as in the sport pylon, but the planes are models of full-size racing planes and the engines are modified to run faster. Such model planes attain a speed of 180.

Wedding bells chime for spring brides

Kay Frances Embick and Lindell Browning are wed

The First Church of the Nazarene, Collinsville, was the scene of the wedding on May 11 of Miss Kay Frances Embick, a daughter of Mr. and Mrs. Dean A. Embick, Rural Route Seven, Edwardsville, formerly of Granite City, and Lindell Browning, son of Mrs. Dorothy Browning of Springfield, Ill., and the late Virgil Browning.

Officiating at the double ring ceremony at 2 p.m. was the Rev. Herbert Merritt of Granite City, assisted by the Rev. Harold Morgan of Springfield. A reception followed the ceremony at the First Baptist Church fellowship hall in Collinsville.

Arrangements of green fern were used on the altar and the sanctuary was illuminated with lighted tapers in branched candelabra on each side with blue satin bows marking the pews.

Mrs. Barker Palmer presided at the organ with Keith St. John on violin. They accompanied vocalists, Mrs. Gerald Oliver and James Vidito, who sang "If" and "Sometimes I Like a Lamb Who Needs a Shepherd." The bride sang "Whither Thou Goest."

Given in marriage by her father, the bride wore a floor length gown of white peau de soie made with a high Victorian collar. Lace edged the bib effect bodice and lace and blue insertion ribbon accented the waist and a wide ruffle encircling the slightly full skirt that swept into a chapel train.

A formal-length veil of illusion was secured with a pillbox headpiece embellished with pearls and crystal beads. She carried a colonial bouquet of white roses, blue elegance carnations and blue baby breath with Chantilly lace accents.

Miss Rebecca Embick, a sister of the bride, was maid of honor and Mrs. Terry Brown, the bride's cousin, served as matron of honor.

Bridesmaids included Misses Kathy and Eldora Browning, sisters of the groom, Mrs. Kendall Browning, the groom's sister-in-law, and Mrs. Gary

Embick, a sister-in-law of the bride.

The attendants appeared in full length gowns of blue knit crepe designed with V necklines banded with white collars. Their skirts terminated at the hem with gathered flounces. Each wore a white large brimmed hat and carried a white wicker parasol filled with white carnations, yellow daisies, blue cornflowers and baby breath.

Asagay Barker, the flower girl, was dressed in a long white frock featuring a blue sash. She carried a small basket of flowers. Eric McCreary was the ringbearer.

The groom chose his brother, Kendall Browning, as best man. Kevin St. John, Gregg and Gary Embick, brothers of the bride, Terry MacKay, Dave Wilson, Jerry Polmouter and Dennis Miller completed the corps of groomsmen and ushers.

For her daughter's wedding, Mrs. Embick selected a gown of pink crepe knit, formal length, designed with an A-line skirt and long sleeves. The groom's mother chose a light green Empire style dress. Also full length. Both mothers wore white orchid corsages.

Mrs. Kenneth Richmond presided over the guest register. Assisting at the reception were Mesdames Lorene Whittington, Robert Ariana, Shirley Sykes, William Jackson and Tony Jackson.

The rehearsal dinner was given at the Grand Cafe in Granite City.

The former Miss Embick attended Granite City schools and graduated from Collinsville High School and Olivet Nazarene College, Kankakee, Ill. She received a master's degree at Bethany Nazarene College, Bethany, Okla.

Mr. Browning is a graduate of Springfield (Ill.) High School, Olivet Nazarene College. He presently is attending Nazarene Theological Seminary, Kansas City, Mo., preparing for the foreign mission field.

They are residing at 11504 Stark Ave., Kansas City, Mo.

Candlelight setting for Dolan-Schott wedding

Tall urns holding arrangements of white and yellow summer flowers intermingled with greenery and branched candelabra affixed with burning tapers created the setting for the wedding of Miss Deborah Lynn Schott and Robert Raymond Dolan at Hope Lutheran Church on May 3.

The Rev. David Fielding, pastor, officiated at the 6 p.m. ceremony.

Parents of the bride are Mr. and Mrs. Theodore McNeill, 5408 Maryville Road. The groom is a son of Mr. and Mrs. Gordon Dolan, 700 E. Chain of Rockis Road.

Mrs. Debra Smith sang "Sunrise, Sunset" and "We've Only Just Begun," accompanied at the organ by Mrs. June Barton.

Given in marriage by her stepfather, Mr. McNeill, the bride chose a full skirted gown made with deep rows of lace down the center front.

The long, full sleeves and high collar were fashioned of delicate lace. She wore a mantilla veil and held an arm bouquet of vari-colored tulips.

Maid of honor Miss Sandra York was gown in a green lace over taffeta dress designed in Empire style with puff sleeves.

Mrs. Diane Nicholas and Miss Glenda Schott, sisters of bride, were bridesmaids. They selected yellow and blue gowns styled to match the honor attendant's frock.

Miss Debra Verlee Mezo and David J. Miskelley were united in marriage in a double ring ceremony performed by the Rev. Elmer Marritt at 4 p.m. on May 26 at the Good Shepherd United Methodist Church, 3025 National Ave.

Sheryl Elaine Thick wed in candlelight ceremony

Wedding vows were exchanged in a double ring ceremony on May 18 at Tri-City Park Tabernacle by Miss Sheryl Elaine Thick, a daughter of Mr. and Mrs. Harold Thick, 1905 Spruce St., and Morris "Dale" Martin, son of Mr. and Mrs. Kenneth Martin, 2827 Marshall Ave.

The Rev. Gregory Cox performed the nuptial service at 6 o'clock in the evening before an altar banked with white gladioli and greenery.

A program of wedding music was played by Bill Skasick, a cousin of the bride, at the organ. Selections were "We're Only Just Begun," "Wedding Prayer" and "Theme from Romeo and Juliet."

Preceding the bride down the white carpeted aisle were Mrs. Dan Lusicic, honor attendant; Miss Debra Thick, a sister of the bride; Mrs. Wanda Terry, Mrs. Dave Mathis, Miss Brenda Sullivan and Miss Marilyn Sullivan, a sister of the groom.

They were identical gowns of aqua linen designed with bolero style bodices, high collars, long bishop sleeves and A-line silhouette skirts.

A ruffle of floral print veil in shades of aqua, lilac, purple, pink, yellow and green encircled the front of the skirt, terminating at the back to create an apron effect.

Each attendant wore a spun straw hat banded in white and carried a basket of multi-colored flowers.

Mr. Thick escorted his daughter down the aisle and gave her in marriage. She wore a gown fashioned with a Cluny lace apron, edged with a gathered ruffle. The basque bodice featured a lace bib outline defined with a matching ruffle.

The lantern sleeves were made of Cluny lace and sheer organza harmonizing with the slightly full skirt swirling softly into a chapel train.

A Juliet cap of ivory length veil, edged in matching lace, she carried a bridal bouquet of white carnations and roses.

Kevin Bone, a cousin of the bride, was the ringbearer and escorted the flower girl, Julie Terry. She was dressed in a frock similar to the bride's gown.

David Thick, a brother of the bride, attended the groom as

best man. Groomsmen included Mitch Martin, a brother of the groom; Pat Martin and Dave Line, cousins of the groom; Tom Nesbit and Bill Moseley.

Seating the guests were Kevin Duke and Mel Griffith. Misses Diane Lewis and Marlene Starnes served as candlelighters.

Mrs. David Thick registered guests at a reception at Holy Trinity Hall in Madison.

Parents of the groom, Mr. and Mrs. Martin, hosted a rehearsal dinner in their home on the evening preceding the wedding.

Mrs. Thick selected a aqua blue sleeveless dress enhanced with a gold belt and gold necklace worn with a matching long sleeve jacket. The groom's mother, Mrs. Martin, chose a deep purple A-line gown, full length, fashioned with an ivory lace bodice and sleeves. Both mothers wore corsages of red roses and baby breath.

The newly married couple is residing in Granite City following a wedding trip to the Lake of the Ozarks.

Both young people graduated from Granite City High School. The groom is now employed at Granite City Steel.

Out-of-town guests here for the wedding include John Thick of San Francisco, Calif.; Mrs. William Skasick, Hazelwood, Mo.; Mrs. Myrtle Bone, Mr. and Mrs. Harold R. Thick, Diane, John and Kevin Bone, all of Mount Olive, Ill.; Mr. and Mrs. Conrad Nagel, St. Jacobs, Ill.; and Mr. and Mrs. Charles Tooley of Staunton, Ill.

Achievement Award

The National Observer Student Achievement Award has been presented to Debra M. Lowell, 2355 Emert Ave., a student at Granite City High School South. Her selection was based on her top rating as a student of current events for the past two years.

She is a member of the Social Studies Club, the Spanish Club, Junior Achievement and the Speech Class. She is a daughter of Mr. and Mrs. Donald Lowell.

Winners in steel contest announced

The pellet counting has ended at Granite City Steel and winners in the open house "guessing game" are being announced. The contest was part of the activities at the steel plant the weekend of May 17-18, during which 8,157 people visited GC Steel.

A total of 13,444 pellets of iron ore were in a large glass con-

tainer in the open house display tent. Visitors were asked to guess the number, with prizes offered for the best guesses.

Deb Hanson of Troy, 18-year-old daughter of GC Steel employee Paul Hanson, guessed within 17 of the actual total with her estimate of 13,461 pellets. Her prize is a brand new electric range made by Eagle Range Co., a Granite City Steel customer. The range, as well as the second prize, was part of an open house display of products made in the metropolitan area from steel made here.

A steel fireplace, made by Empire Stove Co., was presented to the second-place winner, Raina Sue Porter of Glen Carbon. Allan Baine of Ferguson, Mo., won the third prize—an electric blender. And Tracy Hartzel, 3006 Ash St., won a cutlery set as fourth prize. The latter two prizes were contributed by Chiles Catering, Inc.

Park centers start June 17

The summer recreation program sponsored annually by the Granite City Park District will start Monday, June 17, at 10 centers throughout the community.

Registration will take place on June 17 at the center nearest a participant's home. Centers will be located this year at Logan, Marshall, Parkway, Wilson, Washington, McKinley, Nidringhaus, Nameoki and Webster schools and the park district Community Center.

Children in grades 2 through 6 who reside within the Granite City Park District's boundaries are eligible to participate in the free program, Harold Brown, park superintendent, said.

Arts and crafts, games, picnics, a free swim each week and special trips already have been planned, he said. Each playground center will have a softball team for both boys and girls, the park officer added.

There is no charge to park district residents with exception of a \$2 insurance fee. Coverage obtained now will remain in effect until April 30, 1975, Brown reported.

Two fined in aid cases

Two Quad-City area residents are among eight persons who have pleaded guilty to failing to report outside income or changes of circumstances while receiving public aid payments in Madison County.

Doctors attend seminar

Dr. Felicia Koch, 1821 Edison Ave., and Dr. Frank Dionea, 2657 Cleveland Blvd., attended the 26th annual meeting of the Illinois Academy of Family Physicians in late May at Arlington Park Towers. They were among about 1,000 family doctors from throughout Illinois attending the postgraduate seminar. The family physicians updated their knowledge and skills in such diverse subjects as management of abnormal test results; reproductive endocrinology; how to use blood gases; fetal monitoring; diabetes detection; new developments in therapy of common dermatoses; use of the laser beam for diagnosis and

treatment; estrogen use; tumors of the head and neck and dysfunction therapy. They acquainted medical students with the new 20th specialty in medicine — family practice. Currently, there are more than 2,000 newly graduated doctors taking the three-year residency training program, which will lead to their becoming qualified family physicians.

The Illinois Academy is a chapter of the American Academy of Family Physicians, formed in 1947 to promote the highest standards of medical care. In order to remain a member of the Academy, a physician must produce evidence of having completed at least 150 hours of postgraduate study every three years. Attendance at the Academy's 16th annual meeting provides 16 hours of the 50 hours of study credit each doctor needs for the current year.

Asks enforcement of new speed law

Full enforcement of new 25 mile per hour speed limits on streets in West Granite have been urged by Alderman Walter Nomm of the Fifth Ward who said the new speed limit is expected to improve traffic conditions in the area.

Nomm also asked City Street Superintendent Lionel Portell to erect new traffic signs posting the 25 mile per hour limit along the streets to make it possible for police to arrest violators.

The new speed limit has been established on West 20th, Denver, Cayuga, West 22nd, Harding and Roosevelt between Rock Road and FA Route 151.

Most corn planted

Approximately 85 per cent of the corn acreage in Madison County is planted and about 40 per cent of the soybeans are planted. Heavy rains the latter part of last week stopped all field work.

Some farmers are considering changing their cropping plans to earlier-maturing varieties or from corn to soybeans. About June 10 is the date suggested for farmers to switch from a full season corn variety to a shorter season variety if seed is available.

Lightning

(Continued from Page 1)

Thursday and 1:05 a.m. Friday. Light hail was reported in Granite City at about 8:45 p.m. Thursday, followed by a downpour which flooded most streets within minutes. Madison Avenue traffic was restricted to the center two lanes for more than an hour due to deep water at both sides.

Pump stations became overloaded and water was forced out from several manholes, including one at Nameoki Road and St. Clair Avenue, flooding that intersection.

Several autos were halted in the streets as the water shorted the engine electrical systems. Several downtown intersections were flooded across the sidewalks.

Several persons reported gardens and shrubbery damaged and small tree limbs could be seen Wednesday in many yards where they had been blown by the strong winds.

Thursday's total rainfall followed .20 of an inch of rain Wednesday and brought to 4.49 inches the total fall for the month of May, or .75 of an inch above the normal May rainfall of 3.73 inches.

May's rainfall brought to 14.05 inches the total fall for the five months of this year, or .25 of an inch above the normal fall of 13.80 inches for the five-month period.

PARENTS CHAPTER 91

PICNIC IS WEDNESDAY
Parents Without Partners, Eastside Chapter 91, will hold a board meeting Tuesday at 7:30 p.m. at the Fairview Inn, Fairview Heights. Charles Sabo of Granite City, president, said today.

To start the June social events a picnic will be held at 6:30 p.m. Wednesday at Cahokia Mounds State Park.

Many officers

hopes he has helped in shaping the lives of children, but said he feels parents must always be aware of the effects of their actions on their children.

"One way children learn how to act is through what they see and hear. Parents must set the best examples possible and to teach their children habits that will assist them in becoming good citizens," he said.

"Children have a natural curiosity that can lead them into dangerous situations if parents have not taught them how to be cautious.

They must be reminded from time to time about the instructions for safety, for their memories are very short. This must be done from early childhood so that they will respond automatically when danger appears. The Officer Friendly Program helps to prepare the children to respond automatically," he said.

Reflecting on his experience as Officer Friendly, Koberna recalled many humorous moments. "Like the time I asked a kindergarten, 'Where did you get the scratches on your face,' and the answer was, 'It was nothing much. I just fell out of the Christmas tree.'"

"One pre-schooler told me once that he learned about talking to strangers in 'Wittle Wed Widling Hood,' and said he learned not to talk to 'strange woofs.'"

Koberna spent vast amounts of his time warning children about bicycle safety, being alert for cars while walking, being aware of the dangers of strangers and other safety measures, but commented that the topic which always brought the greatest response from small children was the topic of pets.

"I would tell them never to pet strange dogs, and immediately the hands would go up as each of them wanted to tell me about some pet."

"One little girl told me she used to have a pet turtle. I asked her what happened to it and she said her little brother flushed it down the toilet."

"One little boy told me he had a dog at home. Koberna said 'I asked him what kind and he answered, 'Half cocker spaniel and half my neighbor.'"

Koberna has not moved entirely out of the child guidance field. He and his wife, Diane, have two children, to raise, Scott, 6, a Nameoki School student, and Gregg, 3.

He has received numerous awards as Officer Friendly, including a special citation

Totals in error

Louis Whitsett, supervisor of Nameoki Township, said Friday that he receives \$1,000 per year for travel expenses, not \$10,000, as was listed in error last week.

Whitsett also said a cut to \$600 and not \$6,000 was considered by the board but was rejected after a discussion.

From the Tri-Cities Area Chamber of Commerce, given to him at this year's Police Recognition Banquet.

He also has earned special praise from his chief, Ronald Voez, who commented, "Roy is doing a great job as Officer Friendly and I think he has made this program the best thing that ever happened to this police department."

Koberna will remember the awards and he will remember the praise and "the friendliness everyone showed me," in his words, but one of the strongest memories is liable to be the one of the little boy who, in front of a class, told Officer Friendly, "If you live on a farm, you must always remember not to milk a bull."

State Exceptional Children's Council honors local group

Tri-Cities Chapter 841 of the Illinois Council for Exceptional Children was honored as one of six outstanding chapters in Illinois at the group's recent state convention at the Sheraton Rock Island Hotel.

A check for \$75, representing the award, was presented last week to Mrs. Joan E. Shaffner, new president of the local chapter, by Richard J. Lucido, the outgoing president.

Lucido said the outstanding chapter award is given local CEC chapters who meet specified criteria established by the state regional directors. Chapter 841 has been one of the federation's most active groups since its inception one year ago, he noted.

The Illinois Council for Exceptional Children is an affiliated organization of the National Education Association. Its membership consists of school administrators, professional educators, psychologists, social workers, physicians, student groups and other persons interested in promoting the welfare and education of exceptional children. Beside providing members with speakers at professional meetings, the Tri-City chapter has been represented at all conventions and workshops sponsored by the state and national branches of CEC, Lucido said. Several local members serve on the Illinois council's state committees. Among the local group's most notable achievements was sponsorship of the first annual

CEC auction held April 26 when nearly \$700 was raised for exceptional children. Culminating the initial year, a banquet was held at Rusty's in Edwardsville during Exceptional Children's Week. Principal speaker was Jason Barr, state council president, whose topic was "ICEC—What Is It to You."

At the dinner Mrs. Shaffner was installed as president of Chapter 841. Monthly meetings will resume in September at the Special Education Office, 2801 Madison Ave. All persons interested in the welfare and education of exceptional children are invited to attend the sessions, Mrs. Shaffner said.

LOCAL CHAPTER HONORED. Richard J. Lucido, outgoing president of the Council for Exceptional Children Chapter 841 of the Tri-Cities, presents a \$75 check to Joan E. Shaffner, incoming CEC president. The funds represent an award received by the local chapter at the Illinois Council for Exceptional Children's convention.

Rebekahs honor Mrs. Jahnsen

Mrs. Viefor (Thelma) Jahnsen was presented a 50-year pin by Ann Rutledge Rebekah Lodge 47 at a meeting last week at the lodge hall on Nameoki Road.

The presentation marked Mrs. Jahnsen's golden anniversary year as a member of the Rebekah organization. Mrs. Edna McKay, noble grand, was in charge of the ceremony. She noted that the guest of honor served as noble grand in 1927 and has held many other posts in the chapter.

After the ceremony, about 40 members and guests were served refreshments in the dining room. A social hour concluded the program.

MR. AND MRS. DAVID SCHILLINGER. They were united in marriage at Grace Baptist Church, 2600 Edwards St. She is the former Miss Kathy Stacey, a daughter of Mr. and Mrs. William R. Stacey, 1601 (rear) Pontoon Road.

Kathy Stacey wed at Grace Baptist Church

Miss Kathy Stacey became the bride of David Schillinger in a double ring ceremony on May 24 at Grace Baptist Church, 2600 Edwards St.

The Rev. William DuVall officiated at the 7 p.m. service, following a musical presentation of "A Time For Us" and "Greensleeves" by the organist, Mrs. Mary Parchment. Guitarist Tony Wallis played "My Sweet Lady."

Branched candelabra entwined with greenery and blue bows, holding blue candles, and large bouquets of summer flowers in various colors provided the sanctuary decorations.

The bride is a daughter of Mr. and Mrs. William R. Stacey, 1601 (rear) Pontoon Road. Parents of the groom, Mr. and Mrs. Edward Schillinger, reside at 845 Thorngate Drive.

A Chantilly lace gown fashioned with a bouffant skirt of scalloped tiers extending into a cathedral train was worn by the bride.

Full sleeves were set into a fitted lace bodice, etched with tiny seed pearls, featuring a high neckline and V-line waist. Her shoulder length veil was bordered in lace and she carried a Chantilly lace fan centered with blue carnations and white stephanotis and festooned with blue satin streamers.

Mrs. Connie Mitchell, an aunt of the bride, was matron of honor. She chose a long blue nylon dress designed with sheer sleeves and a high rise waistline. Lace accented the neckline, molded bodice and

necklines, high rise waists and long, puffed sleeves. The softly gathered skirts were edged with a ruffled flounce and accented with Venice lace motifs.

Each wore a white picture hat trimmed with peach streamers and held a bouquet of white carnations and autumn roses.

Bobby Bell, a nephew of the bride, served as ringbearer and escorted Christie Peterson, a cousin of the groom, the flower girl.

George Bell, a brother of the bride, was best man. Groomsmen and ushers included John and William Schooley III, brothers of the groom, Edmond Wilkinson, a cousin of the bride, and Robert W. Bell Jr., the bride's brother.

A reception was held at the VFW Hall, 2044 Washington Ave., following the ceremony.

Members of the wedding party and their families were entertained at a rehearsal dinner at Charlie's Restaurant.

Mrs. Bell, mother of the bride, was attired in a gown fashioned with an Empire bodice of blue and white fabric featuring a round neckline and long sleeves, and a solid blue skirt.

The groom's mother, Mrs. Schooley, chose a full length dress in salmon colored chiffon made with a flowing cape and complemented with silver accessories.

Both young people are graduates of Granite City High School. The bride is employed at Hunter Packing Co. Credit Union and her husband works at McDonnell Douglas Corp., St. Louis.

They are now residing in Granite City following a wedding trip to Florida.

MR. AND MRS. RICHARD HARRISON. who were married in an evening ceremony at the Assembly of God Glenview Chapel, Wilson Avenue and Maryville Road. She is the former Miss Linda Atwood, a daughter of Mrs. Carol Atwood and William Atwood, both of Granite City.

Linda Atwood becomes Mrs. Richard Harrison

Miss Linda Atwood and Richard Harrison exchanged wedding vows in a double ring ceremony at 6:30 on the evening of May 25 at the Assembly of God Glenview Chapel, Wilson Avenue and Maryville Road.

The Rev. M. W. Wilson performed the ceremony in a candlelight setting before an altar adorned with bouquets of yellow and white spring flowers.

Parents of the bride are Mrs. Carol Atwood, 2510 W. 32nd St., and William Atwood, 4302 Kirkpatrick Homes. The groom is a son of Mr. and Mrs. Earl Harrison, 3209 Lincoln Ave.

A full length bridal gown of white silk was worn by the bride. The oval neckline was accented with delicate lace, etched with pearls, and the skirt was slightly full.

The long tapered sleeves were created of matching lace and terminated at the wrist in a circular cuff. Lace motifs were applied on the skirt and marked a gathered flounce at the hemline, extending into the chapel train.

She wore a halo headpiece of lace to hold in place her melody length veil and she held a bouquet of white carnations and daisies.

Mrs. Ralph Harrison, matron of honor, chose a floral print silk gown in apricot shade.

Bridesmaids Mrs. Leonard Crone and Miss Cynthia Garber were gownned in identically styled dresses in yellow. The flower girl, Grace Enser, wore

a yellow dotted swiss frock. Each of the attendants carried a nosegay of pom poms and daisies.

Attending the groom as best man was Ralph Harrison. Leonard Crone and Pete Herren were groomsmen and Jack Gallia seated the guests.

Charles Garber was the ringbearer.

Guests were received by the newly married Mr. and Mrs. Harrison at a reception in the church fellowship hall immediately following the ceremony.

Both young people graduated from Granite City High School. Mr. Harrison is employed at Granite City Steel.

They are now residing in Granite City.

Schooley-Bell nuptials at Emmanuel Baptist

The wedding of Miss Debra L. Bell, daughter of Mr. and Mrs. Robert Bell Sr., 4161 Division St., and Richard R. Schooley, son of Mr. and Mrs. William Schooley Jr., 8 Terrace Lane, was solemnized in an evening ceremony on May 18 at Emmanuel Baptist Church, 1800 Pontoon Road.

Palms and bouquets of white gladiolus and mums decorated the altar for the 7 o'clock double ring service performed by the Rev. Arthur Short.

Mrs. Becky Noel presided at the organ and accompanied Dwayne Bridges, soloist, who sang "One Hand, One Heart" and "The Wedding Prayer."

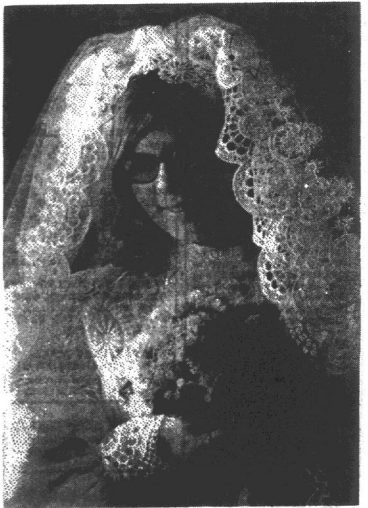

Escorted down the white carpeted aisle and given in marriage by her father, the former Miss Bell selected a gown of white organza fashioned with an Empire bodice of intricately designed Venice lace. Lace extended over the shoulders to form a caplet effect and created the fitted cuffs of the full, sheer sleeves.

The very bouffant skirt was gathered at the sides and back. An organza bow at the back waistline secured the chapel train.

A profile headpiece of Venice lace held in place her cathedral veil, edged with matching lace, and she carried a cascade of white orchids, white roses and baby breath.

Matron of honor Mrs. Robert W. Bell Jr., a sister-in-law of the bride, and bridesmaids, Miss Kim Thompson and Miss Cassie Schooley, a sister of the groom, wore identical gowns of peach organza.

Their formal length dresses were designed with square

New Hearing Aid Blocks Out Distracting Noise

Chicago, Illinois

A new hearing aid made especially to help those who have difficulty understanding in noisy situations has been announced by Belltone.

Unlike most hearing aids which amplify all sounds equally the Directional Etude emphasizes sounds from the front, while muffling (softening) those from the side and rear. As a result user should not only be able to understand better in spite of noise but also to tell more accurately where sounds are coming from. Used satisfactorily by those who work in noisy situations or who are bothered by noise under any condition. The Directional Etude was designed to fit mild, serious or even a severe hearing loss.

To try out the new Belltone Directional Etude Hearing Aid come in, if you can't come in call or write for home try-out. No charge or obligation.
